

We regret to inform you that the upcoming 2021 Cars For Charities Show has been postponed due to the current Covid-19 Pandemic and the Mandate from the Sedgwick County Health Office. This was and is a difficult decision, but know Cars For Charities is committed to helping our local charities and plan to do so in a limited capacity. Cars For Charities is currently working on our fundraising options to help our charities during these hard times. Your support over the past nine years has helped us raise over \$1 million for our charities and we're not going to let a little thing like a pandemic slow us down. We are all in this together!!

Please be patient as we attempt to work all possibilities for 2021 including the discussion of a One-Day Show. This is only one of the options Cars For Charities is currently discussing internally and with the City of Wichita. We fully understand this would not be the same, but our thought is to number one, raise money for our charities and number two, get people together as we all so desperately want to do. Please send us an email, a letter or drop by our Facebook page to let us know that you are interested. This would give us an idea how many car owners would be interested in participating if this option is allowed.

We understand that you will have many questions regarding this year's show and we have compiled a list of Frequently Asked Questions for you to get your questions answered. If you have additional questions, please do not hesitate to reach out to us via email or phone which can be found on our home page.
